

WHAT PEOPLE ARE SAYING ABOUT iADMISSIONS

www.iAdmissions.com takes the relative high road, offering a mix of free advice and relatively reasonable essay-planning packages;... a deal for suggestions from someone like Jon Reider, a former Stanford admissions officer who developed the site's curriculum.

-Karen Stabiner, The College Insider on the Huffington Post

"... feedback that allowed me to keep my own voice..."

-Rebecca N., High School Senior, Boarding School in Switzerland

"iAdmissions is a tremendous resource. In less than a week, my daughter's common application essay went from a reasonable draft to well written essay. We were both so pleased that iAdmissions exceeded our expectations! This is a wonderful service!"

-Robin S., Parent, Winchester High School, MA

"iAdmissions is a reliable and efficient web service helping with college applications."
